**VACCAR TO DEBUT NEW HYUNDAI “CLUB CAR SERIES” RACE CAR AT SEMA SHOW FOR WINNER INTERNATIONAL**

**Haines City, FL – Oct. 22, 2019 –** The Vaccar company and noted builder Aaron Vaccar have once again teamed up with Winner International, makers of The Club, for the debut of a special edition vehicle that makes use of a proven OE platform with the latest aftermarket trends and accessories: the recently restyled 2020 Hyundai Veloster, equipped with a prototype turbocharger kit for the 2.0l drivetrain.

Vaccar has been unveiling custom creations at the SEMA Show since 2009, and the latest Vaccar Veloster concept will mark their 10-year anniversary of managing OEM projects for the trade event. The vehicle will make its debut at the 2019 SEMA Show in Las Vegas on Tuesday, Nov. 5<sup>th</sup> in the Winner International booth (#12853, North Hall) and remain on display through Nov. 8<sup>th</sup>. There is a dedicated meet & greet time slot alongside Aaron Vaccar and the concept in the booth from 2-4PM on Thursday, Nov. 7<sup>th</sup>.

Winner International has an extensive history with Vaccar and their unique vehicles for the display and promotion of Winner Int'l's The Club product lines. Aaron Vaccar's affinity for the brand has been strengthened over the years of their various sponsorships together, once including the construction of a commemorative car for Jim Winner, their founder.

“The Vaccar Veloster 'Club Car Series' concept vehicle is all about the race-meets-street tuner that boasts all the attention getting styling points and performance of a track car, cultivated with the comfort and functional demands of a ‘daily driver’. Since it's our 10<sup>th</sup> anniversary at SEMA and with The Club, we decided to have some fun with a different theme and livery, which might not have been expected from us – including a couple symbolic cues, if

you can spot them,” Aaron states.

Build partners that have donated product and services for on the Vaccar Kona include: AEM; Advert Graphix; AMSOIL; Blood & Grease; Clinched Flares; The Club; Eibach; Konig Wheels; Mishimoto; Pierce Motorsports; Roadwire; Schrader Sensors; Toyo Tires.
